# 1. PROJECT OVERVIEW & SITE JUSTIFICATION

## 1.1 THE “TECH -FUSION 2026” IT WORKSHOP

- **Project Nature:** An intensive one-day IT workshop focused on practical, hands-on learning.
- **Core Curriculum:** We introduced students to **Web Development (HTML/CSS)**, **Cybersecurity basics**, and **Algorithmic Logic**.
- **The Mobile Lab:** Since the venue lacked hardware, we deployed **12 personal laptops** to create a temporary, high-tech learning hub.

## 1.2 SITE ANALYSIS & GAP IDENTIFICATION

The selection of **WP/NG Dharmashoka Maha Vidyalaya** was based on an assessment of the "Digital Divide" affecting local underprivileged schools. The project was designed as a critical intervention rather than a standard workshop.

- **Infrastructure Gap:** The school's IT laboratory was found to be critically under-equipped, containing only **one functioning desktop computer**. This machine is approximately **15 years old**, making it technologically obsolete for modern web development or security protocols.
- **Student Accessibility:** A survey revealed that a vast majority of the 25 participants **do not own a PC or laptop at home**.
- **The Mission:** To provide a "Mobile Tech Lab" experience, utilizing 12 modern laptops to give students their first exposure to industry-standard tools (VS Code, HTML5, CSS3) and logical security concepts.

## 2. FINANCIAL MANAGEMENT & BUDGET ALLOCATION

### 2.1 INITIAL BUDGET ALLOCATIONS AS PER THE PROJECT PROPOSAL

*Table 1: Initial Budget Plan*

### 2.2 FUNDING SUPPORTS RECEIVED.

- **Self-Funding:** Each team member contributed **1,500 LKR** from personal savings.
  - **Printing Sponsorship: Mr. Anuruddha** (Lecturer in-Charge of Leo Club) sponsored most printed materials, significantly reducing overhead.
  - **Marketing Support:** The team provided files and pens and covered the **Lecturer's travel costs**.
- ❖ **Budget Reallocation:** Savings from travel and printing were diverted to the Donation Fund.

## 2.3 THE ACTUAL EXPENDITURES

Due to the Principal's unavailability, the donations were formally handed over to the IT Teacher, **Ms. Chathuri**. The supplies were left at the school office for **Ms. Nimali** to collect the following morning for immediate administrative use.

### 3. TECHNICAL EXECUTION & INFRASTRUCTURE

Given the school's lack of facilities, the team executed a **Self-Sustained Infrastructure Model**.

- **Mobile Lab Setup:** Every team member brought their personal laptop, creating a **12-device workstation** in a classroom that previously had no modern technology.
- **Teaching Model:** The Team Leader served as the **Main Guide**, providing the brief knowledge for each topic. The other 11 members assisted the students at their workstations, providing one-on-one technical support to students as they wrote code.
- **Active Learning:** After a brief lecture on each topic, students were given hands-on time to execute code, ensuring they moved from theory to practical application immediately.
- **Offline "Tutes":** Since students lack home PCs, we provided printed tutorials for offline study.
- **Self-Referral Resources:** We included curated **YouTube links** in the manuals. These act as a roadmap, guiding students toward self-learning and professional IT paths after the workshop.

## 5. LEADER'S REFLECTION

Leading a team of 12 was a significant milestone that required me to master team coordination and stakeholder management in a real-world setting. Acting as the Main Lecturer was particularly rewarding, as it challenged me to simplify complex IT concepts for students who had never used a computer before. I am incredibly proud of every single team member; their coordination was seamless, and the level of dedication they displayed was truly beyond words. There were no conflicts throughout the process, as every individual remained equally committed to our shared goal. Halfway through the session, I realized the team had forgotten this was merely a university project—they were genuinely enjoying the act of teaching, which transformed the workshop into a high-energy service initiative. Furthermore, since this was my alma mater, it brought me immense personal joy to give back to the school that shaped me. Seeing my team's passion and dedication toward my old school was a deeply moving experience that I will always cherish.

## 6. ACKNOWLEDGEMENTS

The Entire Team would like to extend our sincere gratitude to:

- **Ms. Ishara Weerasinghe:** For her invaluable guidance throughout the project and for her presence during the on-site evaluation to witness our team's efforts.
- **Mr. Anurudhdha:** Lecturer-in-Charge of the Leo Club, for his immense support and for sponsoring the printing of our comprehensive educational materials.
- **Ms. Nimali (Principal):** For granting us permission to conduct this workshop at WP/NG Dharmashoka Maha Vidyalaya and for her warm welcome back to my alma mater.
- **Ms. Chathuri (IT Teacher):** For her kind coordination and for helping us facilitate the session seamlessly for her students.
- **The SLIIT City Uni Marketing Team:** For providing essential student materials and for covering logistical and travel costs, which allowed us to reallocate our budget to maximize donations for the school office.

## 7. PROJECT GALLERY

## **8. CONCLUSION & ACADEMIC REFLECTION**

The "Tech-Fusion 2026" workshop was an overwhelming success, far exceeding our initial expectations. The true proof of this success was not just in the code the students wrote, but in the enthusiasm they showed throughout the day. The students were so engaged and inspired by the hands-on experience that many personally asked if our team would return the following week for another session. This genuine interest from students who previously had zero computer access proves that our teaching model and the "mobile lab" effectively sparked a passion for IT. By bridging the infrastructure gap at my alma mater and providing the school with essential office donations, we have left a lasting positive impact. We conclude this project with immense pride, knowing we delivered a professional, heart-led initiative that truly resonated with the next generation of learners.

Dear Madam,

**Approval for Conducting an Academic IT Workshop – “Tech-Fusion 2026”**

This letter serves to formally inform you that I, Ishara Weerasinghe, Lecturer at SCU have granted approval to conduct the IT workshop titled “*Tech-Fusion 2026*,” scheduled for **7th April 2026 from 1:45 PM to 3:30 PM**. This workshop forms a compulsory component of the *Professional Skills (PS)* module and will be conducted by a team of twelve (12) Year 2, Semester 2 undergraduates under the leadership of our student Ms.Randula Munasinghe. The project proposal has been duly reviewed and approved by the University, and permission is hereby granted for the session to be held at your esteemed institution. The following students will be participating in the workshop.

|                                   |                                       |

### Tech-Fusion 2026

හෙට දවසේ තාක්ෂණික ලොවට අදම පිවිසෙන්න 🚀

අනාගතයේ ඔබ කුමන වෘත්තියක් තෝරා ගත්තද, තාක්ෂණික දැනුම යනු ඔබේ සාර්ථකත්වයට අත්යවශ්‍යම "අන්යන්තර සම්පතක්" (Inner Asset) වනු ඇත. හෙට දවසේ ලෝකය මෙහෙයවන මුලධර්ම පිළිබඳව නිවැරදි ආරම්භයක් ලබා දීම මෙම වැඩමුළුවේ මූලික අරමුණයි.

මෙම වැඩසටහනෙන් ඔබට ලැබෙන ප්රධාන අවස්ථාවන්:

- කේතනයේ මූලික පදනම (Basics of Coding): වෙබ් අඩවි සහ මෘදුකාංග නිර්මාණය වන ආකාරය පිළිබඳ මූලික අවබෝධයක් ලබා ගැනීම.
- දත්ත රහස්‍යභාවය (Introduction to Cryptography): දත්ත සහ පණිවිඩ රහසිගතව තබා ගැනීමේ වැදගත්කම සහ එය ප්රායෝගිකව භාවිත වන ආකාරය හඳුනා ගැනීම.
- සයිබර් ආරක්ෂාව (Cyber Security): අන්තර්ජාලය භාවිතා කිරීමේදී ශක්තිමත් මුරපද (Strong Passwords) වල වැදගත්කම සහ සයිබර් ලෝකයේ ආරක්ෂිතව සිටින ආකාරය ඉගෙන ගැනීම.
- අඛණ්ඩ ඉගෙනුම සඳහා මගපෙන්වීම: වැඩමුළුවෙන් පසුව වුවද ඔබට ස්වයංව ඉගෙන ගත හැකි අනෙකු වෙබ් අඩවි සහ මූලාශ්ර (Reference Links) පිළිබඳ තොරතුරු ලබා දීම.

මෙය හුදෙක් දැනුම ලබාගැනීමට පමණක් නොව, ඔබේ අනාගත වෘත්තිය ජීවිතය නිවැරදි මාවතකට යොමු කිරීමට ලැබෙන සුවිශේෂී අවස්ථාවකි!
