Date of Last Approval	2023		
Date of Next Review	2024		
MODULE DESCRIPTION			
Aim	This module aims at facilitating students with a better understanding of professional and employability skills required in real life situations. Despite the improvement of reading, writing and speaking skills, required for effective communication, students will be able to develop their leadership skills and social skills working through continuous collaborative assignments.		
Learning Outcomes	At the end of the module, the student will be able to:		
	L01:	Define what are employability skills, Identify the skills necessary for employment and Classify workplace skills	
	L02:	Identify the registers and structure of a CV and cover letter and write a cover letter and compose a CV with reference to a job advertisement.	
	L03:	Display effective interview skills	
	L04:	Develop negotiating skills and problem-solving skills in given situations and use them practically in meetings	
	L05:	Classify different types of reports and their purposes and compose project proposals.	
	L06:	Recognize different types of oral presentations and develop public speaking skills and confidence through debates and	

	presentations.
	L07: Identify the grammatical and lexical resources used in process writing and giving technical instructions.
	L08: Demonstrate emotional intelligence and self-awareness
	L09: Apply suitable styles and patterns of writing in English on the various tasks assigned.
	L10: Identify the professional jargon used in everyday professional conversations while developing speaking and listening skills. Develop effective writing skills and email etiquettes required for business correspondence
	L11: Demonstrate understanding of basic research concepts, research design and ethics.
	L12: Display professional behavior in formal situations and demonstrate awareness in existing social decorum.

GENERIC INFORMATION		
Any type of plagiarism is not allowed. Plagiarism: Academic honesty is crucial to a student's credibility and self-esteem, and ultimately reflects the values and morals of the Institute as whole. A student may work together with one or a group of students discussing assignment content, identifying relevant references, and debating issues relevant to the subject. Plagiarism occurs when the work of		

another person, or persons, is used and presented as one's own.

END OF MODULE OUTLINE

Abstract writing – research paper writing part for them
